

Intoxalock® eLERT 24

THE MOST ADVANCED HOME MONITORING DEVICE

Intoxalock® eLERT 24™

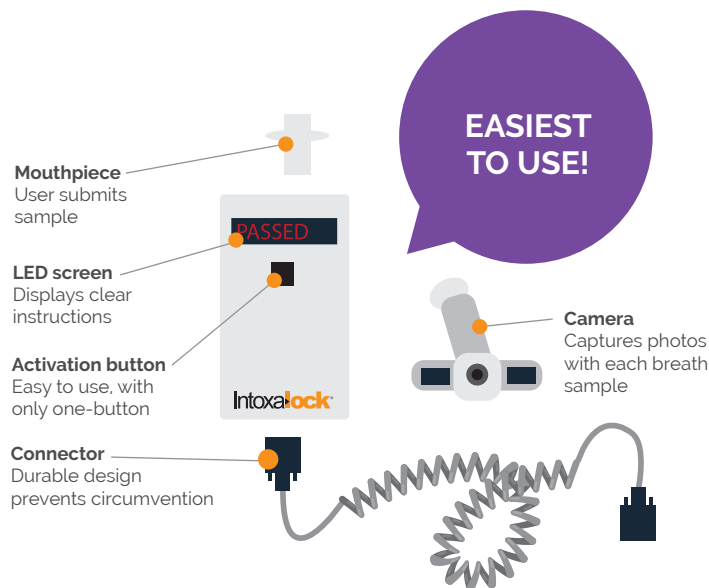

- ▶ 24/7 FLEXIBLE TESTING
- ▶ PHOTO VERIFICATION ▶ GPS
- ▶ REAL-TIME REPORTING

What is it?

Intoxalock eLERT 24 combines the functionality of an ignition interlock device (IID) with the flexibility and convenience of a 24 hour alcohol monitoring program..

How does it work?

Intoxalock eLERT 24 is a fully configurable alcohol monitoring program that also meets a participant's ignition interlock requirement for regaining driving privileges after an alcohol-related driving offense.

Why choose Intoxalock eLERT 24?

Our device is the preferred option for both monitoring authorities and participants for 24 hour alcohol monitoring.
